Confidentiality

All information about you is treated in absolute confidence by the doctors and staff. Results of blood tests, x-rays and other information will only be given to the patient or the parent/guardians of children, if this is confirmed and verified.

Repeat Prescriptions

If you take medication regularly you may be able to order it as a repeat prescription. You can request these by:

- Handing in a written request or using the tear off slip from your last prescription at reception
- Posting a written request or tear off slip
- Faxing your request to 02087731801
- Using our on-line request service
- Using a service provided by a local pharmacy

To avoid mistakes and ease telephone congestion we **DO NOT** take any requests for repeat prescriptions over the telephone. Please ensure you order your repeat medication in good time and allow **at least 3 full working days** for your prescription to be prepared, signed and ready for collection. Your prescription can be left at reception, sent to a local pharmacy electronically, or posted back to you if you provide a stamped addressed envelope. When you receive your prescription you may be asked to make an appointment with the Doctor, Nurse or HCA to check your health and make sure no change to the medication is required. Please take note of these messages to avoid future delays to prescription requests.

We now have a prescription clerk available 8.30am-12.30pm Mon-Fri who takes calls about general prescription queries only, not requests for items over the phone. If you wish to speak to the prescription clerk please choose **option 3** on our phone system.
